Fee: Update to the General Ledger

Michelle Jordan/Kim Robinson

Fee: Update to the General Ledger

This session provides an overview for updating Fee activity to the General Ledger and demonstrates the setup necessary to run the General Ledger Update.

- Discussion of when it is appropriate for a district to run the General Ledger Update in Fee
- Demonstration of how to complete the General Ledger Setup in Fee Management Configuration
- Fee Management Account Master – Importing Account Numbers
- Fee Management Bill Codes – When should an account number be linked with the Bill Code?
- Fee Management General Ledger Update process
- Student Billing – Importing transactions into the Financial Management system
