

Texas Skyward User Group Conference

Advanced ODBC Configuration

Advanced SQL/ODBC Configuration

ODBC and Skyward

- What is ODBC?
- What requires ODBC?
- Configuring ODBC for Skyward
- Maintenance of ODBC for Skyward

Creating ODBC Users and Data Source

- How do I create a Read-Only SQL User?

- How do I Schedule Update Read Only ODBC User Task?

- How to I create a Data Source DSN?

OpenEdge ODBC Drivers and Tools

- 32-bit vs 64-bit drivers
- 10.1B vs 10.2B vs 11.1 drivers
- [Upgrade to OpenEdge SP8](#) on all Skyward servers
- What sort of tools are available?

Let's address all these items.

[ODBC Launch Kit](#)
