Preview Notification” lists all requirements that must be listed on the Employee Notification letter. There are seven bullet points.

Federal W-2 Notification Reminders (76)

Information from Publication 15-A

Furnishing Form W-2 to Employees Electronically

You may set up a system to furnish Forms W-2 electronically to employees who choose to receive them in that format. Each employee participating must consent electronically (or receive confirmation of any consent made using a paper document), and you must notify the employees of all hardware and software requirements to receive the forms. You may not send a Form W-2 electronically to any employee who does not consent or who has revoked consent previously provided.

To furnish Forms W-2 electronically, you must meet the following **disclosure requirements** and provide a clear and conspicuous statement of each of them to your employees.

- The employee must be informed that he or she may receive a paper Form W-2 if consent is not given to receive it electronically.
- The employee must be informed of the scope and duration of the consent.
- The employee must be informed of any procedure for obtaining a paper copy of any Form W-2 (and whether or not the request for a paper statement is treated as a withdrawal of his or her consent) after giving consent.
- The employee must be notified about how to withdraw a consent and the effective date and manner by which the employer will confirm the withdrawn consent. The employee must also be notified that the withdrawn consent does not apply to the previously issued Forms W-2.
- The employee must be informed about any conditions under which electronic Forms W-2 will no longer be furnished (for example, termination of employment).
- The employee must be informed of any procedures for updating his or her contact information that enables the employer to provide electronic Forms W-2.
- The employer must notify the employee of any changes to the employer's contact information.

You must furnish electronic Forms W-2 by the same due date as the paper Forms W-2. For more information on furnishing Form W-2 to employees electronically, see Regulations section 31.6051-1(i).

When employee signs into Employee Access, notification will appear.

In Pac, in the YTD date tab, show what employee elected. If click on the W2 tab will show employee's W2.

Options for Receiving My 2011 W2
 This year you have the option to receive your W2 electronically.

You have until December 31, 2011 to make your decision. If you do not choose by then, you will receive a paper copy.

You will receive an email when your W2 becomes available and it can be printed from Employee Access.

I do not need a printed copy of my 2011 W2 from my employer. I will print my own W2 from Employee Access.
 I want to receive a printed copy of my 2011 W2 from my employer.
 Ask me again later.
