Using the new TSDS PEIMS

John Newcom

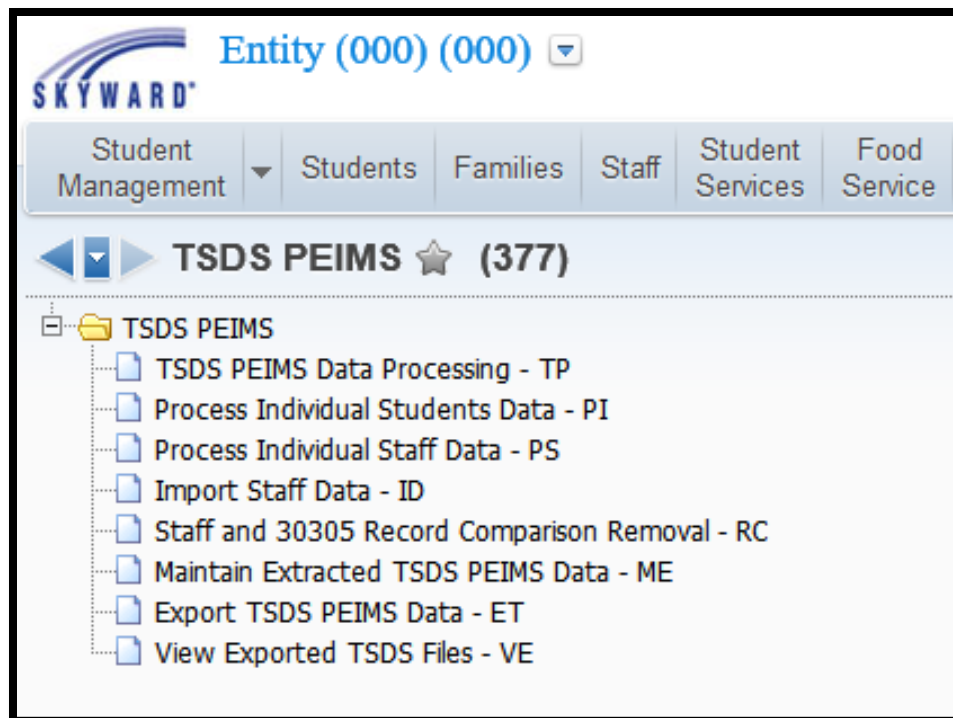

Using the new TSDS PEIMS

In this session you'll get an introduction to the TSDS PEIMS processes that have replaced the obsolete Legacy-based system that had been in use since TSDS premiered. We'll cover:

- TSDS Data Processing
 - Report Types
 - Individual Staff/Student Processing
 - Import Staff Data
- TSDS Maintain
 - Rules/Documentation
- Export – View/Save

Overview

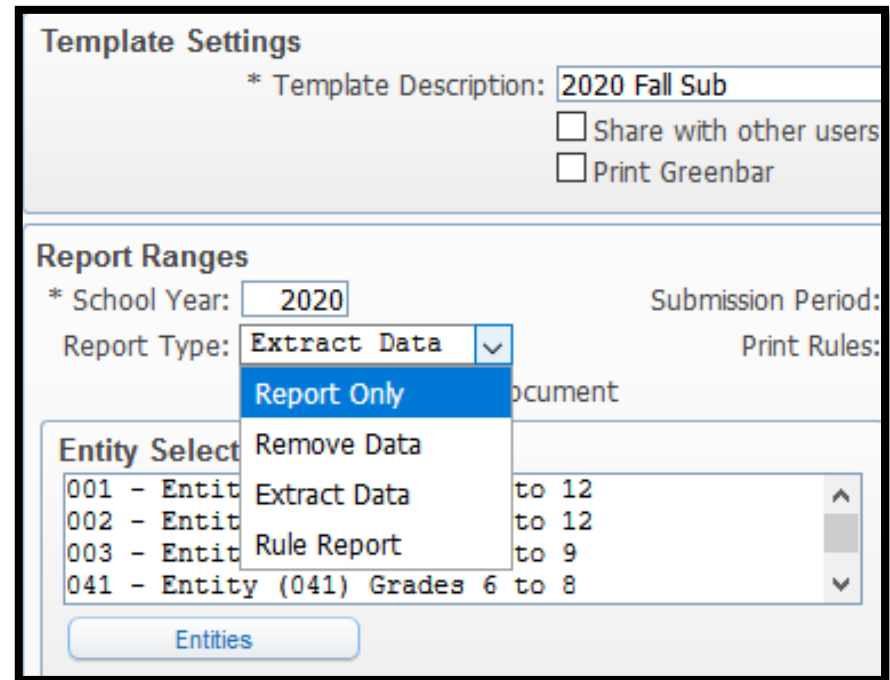

The screenshot displays the Skyward software interface. At the top left is the Skyward logo. To its right is a dropdown menu showing "Entity (000) (000)". Below this is a navigation bar with several tabs: "Student Management" (with a dropdown arrow), "Students", "Families", "Staff", "Student Services", and "Food Service". The "Students" tab is currently selected. Below the navigation bar is a section header "TSDS PEIMS" with a star icon and the number "(377)". Underneath, there is a folder icon labeled "TSDS PEIMS" which contains a list of data processing tasks:

- TSDS PEIMS Data Processing - TP
- Process Individual Students Data - PI
- Process Individual Staff Data - PS
- Import Staff Data - ID
- Staff and 30305 Record Comparison Removal - RC
- Maintain Extracted TSDS PEIMS Data - ME
- Export TSDS PEIMS Data - ET
- View Exported TSDS Files - VE

Import Staff Data

The screenshot displays the Skyward software interface. At the top, the Skyward logo is on the left, and the text 'Entity (000) (000)' with a dropdown arrow is on the right. Below this is a navigation bar with 'Student Management' (dropdown), 'Students', 'Families', 'Staff', and 'Student Services'. The main content area shows a breadcrumb trail: '< > TSDS PEIMS ☆ (377)'. Underneath, a folder icon is followed by 'TSDS PEIMS'. A list of files is shown below the folder, including 'TSDS PEIMS Data Processing - TP', 'Process Individual Students Data - PI', 'Process Individual Staff Data - PS', 'Import Staff Data - ID' (which is underlined), 'Staff and 30305 Record Comparison Removal - RC', 'Maintain Extracted TSDS PEIMS Data - ME', 'Export TSDS PEIMS Data - ET', and 'View Exported TSDS Files - VE'.
